

2026 Sponsor Opportunities

Creating Connected Communities (CCC) is a growing Atlanta-based nonprofit dedicated to bringing life-enhancing programs to children experiencing hardship by empowering teens to become engaged community leaders and volunteers across our diverse community. Now in its 14th year, CCC's Poker & Raffle Fundraiser takes place each spring. In 2025, nearly 200 participants hosted tables, played, or donated prizes - helping raise essential funds that directly support our programs throughout the year.

In addition to engaging event participants, this fundraiser is promoted through CCC's broader communications network of more than 5,600 community members, including parents, alumni, donors, and supporters — expanding sponsor visibility well beyond those who participate directly in a game.

We're pleased to offer sponsorship opportunities for this popular event. Your support helps CCC continue to engage hundreds of teen leaders and serve thousands of children and families across Atlanta. Sponsors are recognized through event materials and promotions, offering a meaningful way to show your commitment to our community.

Ask us about opportunities to share branded materials!
